

Social Media Parent Agreement

- I will set your device up with all the security and apps required to run your device and keep you safe
- I will randomly check on your device to ensure that there are no issues with bullying or strangers online
- I will set up your account with either the Apple iTunes or Google Play Store and have the password to the account
- I will not invade your privacy unnecessarily
- If I am concerned that there are any issues with the use of your device I will discuss this with you immediately
- I will always be available if you want to talk about any concerns that you have about your online activity

Social Media Child Agreement

- I agree that my device will be handed to a parent at ___pm and this will be charged in another room
- I will only add people to social media that I know face to face through family, school or extracurricular activities
- I will not post a profile picture of myself in my school uniform or with any other markings that may identify me
- I agree that my parent will help me set up every social media account that I want to access so that they can check the security settings.
- I will not change any security settings without my parents' consent
- If I am ever sent naked photos or pornography I will tell my parent immediately
- If a stranger tries to talk to me online and makes inappropriate comments I will immediately tell my parent
- I can never give my address, phone number, details about my school, family or friends to anyone that I do not know online.
- If I am ever worried about anything that I see online I will tell my parent immediately
